Welcome to Thiruvananthapuram

Located at the south-western tip of Indian subcontinent and wedged between the western ghats on the east and Arabian Sea on the west, the narrow strip of land called ‘Kerala’ is a destination of a lifetime. Adorned by its beautiful beaches and backwaters, enchanting woods and forests, lush hill stations and exotic wildlife, traditional ayurvedic practices, century old art forms and magical festivities, Kerala happens to be a place to experience life in its full glory. No doubt National Geography magazine names Kerala as one of the “ten paradises of the world” and “fifty must see destinations of a lifetime”. Thiruvananthapuram meaning the land of “Lord Anantha” is the capital of Kerala. The city is well connected by trains and flights. It has an excellent public transport system in addition to auto-rickshaws and taxis. The climate in the month of May is pleasant with a maximum of 33°C and a minimum of 25°C. Hotel accommodation is available in plenty suiting all tariff ranges. Details of hotels in the city are available in the website www.keralatourism.org
